Food Area Aerosols

Dissolv-It

CODE: F400

K1 Registered fast drying solvent cleaner

A powerful, fast drying solvent designed to dissolve away all types of contaminant in the workshop quickly leaving no residue, eliminating the need of rinsing.

Benefits:

- K1 Registered
- Powerfully removes all types of contaminant
- Fast drying
- Leaves no residue
- Does not contain chlorinated solvents

Technical Data:

Category	K1 – Solvents for use in non food processing areas
InS Certificate No.	1794734
NSF Certificate No.	139297
Appearance:	Colourless
Odour:	Strong solvent when wet, odourless when solvent has evaporated
Contents:	Blend of aliphatic hydrocarbons, dimethoxymethane and hydrocarbon propellant
Storage:	Below 50°C
Flash Point:	-74°C
Temperature range:	
Relative Density:	
Pack Sizes:	12 x 400ml cans
Directions for Use:	Shake can well and spray from a distance of 15 to 30cm on parts to be cleaned. Test compatibility with painted or coated surfaces and rubber compounds prior to application.
