Green Moisture Guard

CODE: R266

Spray on protection against moisture for moulds and metal tooling

An effective moisture repellent, formulated to provide an ultra-thin green film for protection from corrosion of moulds and tooling whilst in store.

Benefits:

- De-watering capability
- Protects from oxidisation and rusting
- Ultra-fine film (3-5 microns) does not interfere with precision-fit parts or with gauging and measurement
- Green colour to show treated parts
- Resists creeping into ejector pins
- Moulds off quickly

Technical Data:

Appearance:	Green thin coating
Odour:	Slightly sweet
Contents:	Blend of white spirit, oils, petroleum distillates, dye and hydrocarbon propellants
Storage:	Below 50°C
Solubility:	Insoluble in water
Flash Point:	<0°C
Temperature range:	
Pack Sizes:	12 x 400ml cans
Directions for Use:	Shake can well before use. Spray an even coating onto surface from 30cm. Do not over-apply. Leave to dry to an even, visible film.
